EDUCATION

MAHARSHI DAYANAND UNIVERSITY

B.Tech - Computer Science and Engineering - 75% -

2021- 2024

Haryana, India

GURU NANAK DEV INSTITUTE OF TECHNOLOGY

Diploma in chemical engineering- 68% -

2018-2021

Delhi, India

COURSEWORK / SKILLS

- Data Structures & Algorithms
- Operating Systems
- Database Management System (DBMS)
- OOPS Concept
- Network Security
- Web Development

PROJECTS

Chat Application | Technology Stack : Socket.io Express.js, React.js, HTML, CSS December 2023

- **Real-time Communication:** Implemented real-time messaging functionality using Socket.io, enabling instant message delivery.
- **Group Chat:** Developed features for users to engage in group chats, facilitating communication among multiple participants simultaneously.
- **Private Messaging:** Implemented private messaging functionality, allowing users to exchange messages privately with other users.
- **User Authentication:** Implemented user authentication to ensure secure access to the application and protect user data.
- [Live site here](#)

Cloud Music Player | Technology Stack : HTML, CSS, Bootstrap, PHP, React.js December 2023

- * **Cloud-based Music Player:** Developed a cloud-based music player application with a user-friendly interface and rich functionality.
- * **File Upload and Storage:** Implemented features for users to upload, store, and manage their music library securely in the cloud.
- * **Frontend Development:** Utilized HTML, CSS, and Bootstrap for frontend development, ensuring responsive design and optimal user experience across devices.
- * **Server-side Functionalities:** Implemented server-side functionalities using PHP for user authentication, file handling, and database interactions.
- * **Dynamic UI Components:** Integrated React.js for dynamic UI components and enhanced user interaction, providing a seamless music listening experience.
